

# SANTON DC switches

Safety isolation of the photovoltaic field

- The smallest DC switch in the market
- Fastest conmutation speed in the market, between 2 and 3 milliseconds
- Available from 10 up to 1000 Amps and voltages up to 1000 VDC<sup>21</sup>, multipole configurations up to 12 poles under request
- Self cleaning contacts
- Optional: motor driven for remote operation and auxiliary contacts
- Customized solutions in photovoltaic junction boxes
- Safety and reliability even under the hardest enviromental conditions
- Santon is the leader DC switch supplier in the photovoltaic industry

**Santon DC switches,  
simply the best solution!**
